OFFICIAL

FLAGS AT HALF STAFF: The flags of the United States are flying at half staff at the Kennedy Space Center Saturday, 17 July, 2004; in honor of "KEVIN M. STEWART" a Security Officer for Space Gateway Support. Officer Stewart died on 9 July 2004 and his funeral is Saturday, 17 July 2004.

FEDERAL EMPLOYEE HEALTH BENEFITS FOR MILITARY RETIREES: CHAMPUS coverage for military retirees is automatically transferred from CHAMPUS to Medicare coverage upon attaining the Medicare eligibility, at age 65. Employees have 31 days from the date of loss of CHAMPUS to enroll in a Federal Employees Health Benefit (FEHB) plan. Military retirees who are thinking about retiring from civilian service before reaching Medicare eligibility are reminded: to have FEHB coverage as retiree, an employee must be enrolled at the time of retirement; to insure coverage, they should enroll in an FEHB plan that takes effect before the retirement date elected. To keep FEHB after retirement, employees must be enrolled for at least 5 years; and coverage under CHAMPUS counts towards eligibility to carry FEHB into retirement. Questions regarding health benefits should be referred to Kathleen Ellis (867-2002), or Lisa Fowler (867-1883), Benefits Team, Personnel Office, Headquarters Building, Room 2506. (BA-B)

INSPECTOR GENERAL: The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG). The OCI is an independent entity and reports directly to Robert Cobb, the NASA IG, in Washington D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at www.hq.nasa.gov/office/oig/hq. (OIG)

REPORTING EMERGENCIES: To report any emergency on KSC, whether it is fire, security, or medical related, (including possible hazardous commodity exposure); dial 9-1-1 or 867-7911 from a cell phone. For walk-in type first-aid treatment, the Occupational Health Facility is open Monday - Friday from 7 a.m. to 5 p.m., and the Launch Area Clinic is open Monday-Friday 7 a.m. to 3 p.m. Hours other than those, call 9-1-1 for emergencies and/or first aid type treatment. **After normal working hours, the non-emergency medical related assistance will be coordinated through the 9-1-1 operators.** (TA-G)

GRAPHICS/PUBLICATIONS: Before you begin any work for publication, consult the JBOSC Graphics Department. According to the print shop, approximately three jobs per week have to be reworked because of problems with alignments, reductions, and postscript formats. By consulting with JBOSC Graphics first, you will eliminate wasted time and effort to rework your project. Graphics will ensure your artwork is produced efficiently and is suitable for reproduction. Graphics has electronic transfer capability, a proven method for first quality prints directly from the original, compared to low density reproductions from copied artwork. For information, call 867-3838. For your convenience, JBOSC Graphics has two additional offices located in the O&C Building, Room 1152, 867-7419; and, in the OSB Building, Room 6204, 861-3814. (TA-E1)

KSC LIBRARY: Tours of the library for individuals or groups may be scheduled by calling 867-3600. (TA-E1)

HEART ATTACKS: The Occupational Health Clinic wants to remind employees of the signs of a Heart Attack. All too often employees will have these symptoms at home and drive in to work to have them checked out at the OHF. Please call 911 and get checked right away, do not drive to the Space Center with these symptoms. Valuable time may be lost if you are having a heart attack. "Time is Heart" Some heart attacks are sudden and intense — the "movie heart attack," where no one doubts what's happening. But **most heart attacks start slowly, with mild pain or discomfort**. Often people affected aren't sure what's wrong and wait too long before getting help. Here are signs that can mean a heart attack is happening:

- **Chest discomfort.** Most heart attacks involve discomfort in the center of the chest that lasts more than a few minutes, or that goes away and comes back. It can feel like uncomfortable pressure, squeezing, fullness or pain.
- **Discomfort in other areas of the upper body.** Symptoms can include pain or discomfort in one or both arms, the back, neck, jaw or stomach.
- **Shortness of breath.** This feeling often comes along with chest discomfort. But it can occur before the chest discomfort.
- **Other signs:** These may include breaking out in a cold sweat, nausea or lightheadedness. If you or someone you're with has chest discomfort, especially with one or more of the other signs, don't wait longer than a few minutes (no more than 5) before calling for help. Call 9-1-1... Get to a hospital right away.

For questions or more information about cardiac events or heart disease prevention, please contact Kris Calderon, PhD, CHES at (321) 867-3414 or Kristine.Calderon@jbosc.ksc.nasa.gov (TA-E2)

KSC/CCAFS HEALTH EDUCATION & WELLNESS PROGRAM—CANCER PREVENTION JULY 2004: The month of July is dedicated to cancer prevention. Scientific evidence suggests that about one-third of the 563,700 cancer deaths in the United States that are expected to occur in 2004 will be related to improper nutrition, physical inactivity, being overweight or obese, and other modifiable lifestyle factors, and thus could have been prevented. Moreover, many of the more than 1 million skin cancers that are expected to be diagnosed in 2004 could have been prevented by protection from the sun's rays.

This month's information packet contains important information about cancer significance, common types of cancers, cancer preventive behaviors, and types of cancer screening tests. The packet is available at the following link:

<http://sgs.ksc.nasa.gov/sgs/sites/other/chs/omehs/occmed/home/occucontent/CancerPrev-July2004.htm>

Hardcopies of the packet will also be available at all medical and fitness facilities. If you or your department/organization would like to be added to the monthly packet hardcopy distribution list, please call Kris Calderon at 867-3414. (TA-C2)

CANCER EDUCATION TABLE: The monthly health education table will be set up at the ARF (launch area) on July 22nd from 11 AM to 1 PM where HEWP staff will distribute various cancer education materials. (TA-C2)

COLORECTAL CANCER SCREENING: Small amounts of blood in your stool, which can be detected with hemoccult slides, can be an indication of colorectal cancer. Hemoccult slides and instructions are available at all medical facilities during hours of operation. (TA-C2)

NEW CARDIOVASCULAR DISEASE (CVD) SCREENING SCHEDULE: **A new CVD schedule has been set for the remainder of 2004** Due to lack of clinical space remaining in the former Cape Area Clinic (CAC), CVD screenings will no longer be offered at the CCAFS. To accommodate this change, screenings will be offered for a 2-hour time period on those months previously scheduled for the CAC. The new schedule is as follows:

Date	Place	Time
Wednesday, August, 11 th	OHF	7-8 a.m.
Thursday, August 12 th	LAC (MFF)	7-8 a.m.
Wednesday, September 15 th	OHF	7-9 a.m. (2 hrs)
Wednesday, October 13 th	OHF	7-8 a.m.
Thursday, October 14 th	LAC (MFF)	7-8 a.m.
Wednesday, November 17 th	OHF	7-9 a.m. (2 hrs)
Wednesday, December 8 th	OHF	7-8 a.m.
Thursday, December 9 th	LAC (MFF)	7-9 a.m. (2 hrs)

OHF – Occupational Health Facility (M6-495, Industrial Area @ KSC)

LAC (MFF) – KSC Launch Area Clinic (Multi-Functional Facility @ KSC)

JULY'S VISION SCREENING SCHEDULE: No appointment is necessary. Visit the OHF during these times and ask for a vision screening.

Tuesday July 27 11am-1pm OHF (TA-C2)

WORKSITE LECTURES: Work-site lectures on any health subject and requests for health information or counseling are available upon request to Kris Calderon, phone: 867-3414, e-mail: Kristine.Calderon@jbosc.ksc.nasa.gov. (TA-C2)

****New** STRESS MANAGEMENT WORKSHOP:** Based on expressed interest, any employee group can request delivery (at any time of the year, during the workday) of a newly developed, interactive workshop designed to teach employees how to handle stress at their workplace and in their lives. The workshop can be condensed to 30 minutes or extended to more than an hour for optimizing coping and relaxation skills. Example of topics and skills covered in this workshop can include:

- Identifying stress triggers
- Learning about the body's response to stress
- Learning "Portable" relaxation techniques
- Stress perception

Kris Calderon, PhD, CHES, BCIA, KSC/CCAFS Health Education Administrator will be offering this workshop. Kris is certified in biofeedback and has used relaxation training for stress management in her teaching, service, and research. If interested, please contact her at 867-3414 or e-mail at Kristine.Calderon@jbosc.ksc.nasa.gov for more information. The workshop can be delivered in any worksite setting. (TA-C2)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded that the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Force Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (TA-C2)

LOST AND FOUND: SGS Security Services is the focal point for Lost and Found and is in possession of numerous items found on KSC. These items can be claimed upon proper identification by contacting SGS Security Investigations Office at 861-5149. Items not claimed after 90 days will be turned over to the KSC Property Disposal Officer. (TA-G)

KSC TOASTMASTERS: Space Center employees are constantly in the public eye and in situations which require them to represent the United States Space Program. Employees are encouraged to develop their communication and leadership skills to meet this challenge. Toastmasters International is a professional, multi-level training program for both beginning and advanced education in the critical skills of "listening, thinking, and speaking"—all important tools in both the work environment and your personal lives. NASA has recognized this by reimbursing civil servants for the cost of training. For more information on the Toastmasters organizations and the three different locations/dates for training sessions at KSC and CCAFS, contact Mike Schnoke, Jack Jamba, Bill Cleaver, or Nona Mamaradlo at 784-7502.

FLORIDA INSTITUTE OF TECHNOLOGY: Rated one of "America's Best National Universities" by U.S. News & World Report. FL Tech's School of Management offers the MBA, the MBA with concentration in Acquisition and Contract Management, MBA with concentration in Accounting Track, and the MS in Engineering Management. Contact Sharon Anderson sanderso@fit.edu for additional information. Applications are being accepted for Fall 2004 semester, which begins the week of August 23, 2004 for the School of Management located at Kennedy Space Center and Patrick Air Force Base. The School of Extended Graduate Studies offers the MS degree in Computer Information Systems, which does not require a GRE, thesis or comprehensive exam. Also offered are MS degrees in Computer Science, Software Engineering, Space Systems and Space Systems Management. In addition, Distance Learning course Propulsion Systems (3 credits) is now available. Evening classes are held at the School of Extended Graduate Studies located at the Kennedy Space Center, Patrick Air Force Base and Palm Bay. Apply now for Fall 2004. Contact **Claire Maliszewski** cmalisze@fit.edu additional information

BREVARD COMMUNITY COLLEGE'S INSTITUTE FOR BUSINESS TRAINING & COMMUNITY EDUCATION: Brevard Community College's Institute for Business Training & Community Education has developed a menu of non-credit accelerated computer training classes especially with your needs in mind. The classes are specifically designed to assist you in day-to-day operations of various computer software packages and to equip you with the knowledge and skills for career enrichment and/or advancement. Courses include A+ Certification, Linux Red Hat, MCSE/MCSA, CCNA/CCNP, Website Development, DreamweaverMX, MS SQL DBA, E-Commerce, Network Security, TCP/IP, UNIX/Linux, Internet Safety/Security, XML Series, and more. Visit www.bccctraining.com for all of our course listings or call us at 433-7510 if you are interested in a customized course. You'll learn in a friendly environment that will leave you wanting more computer skills!

UNIVERSITY OF FLORIDA OEM PROGRAM: The Outreach Engineering Management Program (OEM) at the University of Florida is an engineering management Master's degree program featuring live instruction in a convenient format designed for working professionals. The degree program is a collaboration of UF's Colleges of Engineering and Business, and awards a Master's degree in engineering after 20 months of study. The next program begins in August 2004 with classes meeting in Cape Canaveral only one weekend per month (Saturday and Sunday). Applications are still being accepted for this year's program, but space is limited. A newly instituted concurrent degree option makes also getting an MBA degree possible with only 12 more months of coursework. For more information, visit the OEM website (<http://www.ise.ufl.edu/oemp>) or contact the OEM program office (1-800- 321-0199; engrman@ise.ufl.edu).

UNIVERSITY OF FLORIDA - FEEDS ON-LINE: (<http://ocep.eng.ufl.edu>). Engineers, computer professionals, scientists, and technical managers: update your core engineering knowledge, remain abreast of emerging technologies, acquire new skills in related engineering areas, and prepare yourself for increased responsibility through the Florida Engineering Education Delivery System (FEEDS) program at the University of Florida. The College of Engineering's (COE) nationally ranked graduate degree programs offer an extensive menu of credit courses through the FEEDS; the courses may be used towards the completion of a graduate degree, certificate program, or for professional development. Earn an engineering Master's degree on-line at work or at home, while pursuing your career. All of the courses are available for on-line delivery via streaming video technology through the Internet. Here are the titles of just some of the leading edge courses that are being offered in Fall Semester 2004: Advanced Landfill Design, Software Engineering, Bipolar Analog IC Design, Noise in Linear Systems, Environmental Policy, Model Supply Chain Management, Materials Thermodynamics, Principles of Fracture Mechanics, Fundamentals of Production Engineering, and many more. Registration is open now through September 3, 2004; you are encouraged to pre-register early in order to create course demand.

UNIVERSITY OF MIAMI: Get the UM Advantage: Enroll in the 2004 M.S. Management of Technology Program (MSMOT). Applications are being accepted for the summer 2004 semester. Courses are held Friday evenings and Saturdays to accommodate working professionals. Earn a Master's degree from UM that can be completed in less than two years on a part-time basis. For more information and to receive an application/brochure, please call Mr. Augusto Roca, Program Administrator at 1-305-284-4100 or send email to augusto@miami.edu <<mailto:augusto@miami.edu>>. "My pursuit of the Management of Technology degree has provided IBM the resources, intellectual capital and framework that have established our company and customers to become leaders in the market. The education that the University of Miami provided has an incredible impact for IBM and myself professionally. Together, we have developed some of the leading approaches and solutions seen today on a global and international scale. The University of Miami Industrial Engineering Department provides a flexible, intellectually robust and valuable program that has allowed IBM employees to innovate and execute pragmatic technology solutions that make sense for businesses globally." (Ben Amaba, CPIM, IBM Global Solutions Executive; Software Group).

UNIVERSITY OF MIAMI: (Cape Canaveral Program) - **CALLING ALL ENGINEERS.** The University of Miami will begin accepting applications for the Master of Science in Industrial Engineering (MSIE). Applicants can start the program - fall (October) 2004. Courses are held Friday evenings and Saturdays to accommodate working professionals. For more information and to receive an application/brochure, please call Mr. Augusto Roca, Program Administrator at 1-305-284-4100 or send email to augusto@miami.edu.

WARNER SOUTHERN COLLEGE: You can finish your bachelor's degree while working full time. You can complete a bachelor's degree in Organizational Management in 12 – 20 months with 60 transferable semester hours. The program is designed for working adults that are at least 23 years of age. You can attend class one evening per week and one Saturday per month or you can take classes online. Warner Southern College is now accepting applications for the Spring 2004 and Summer 2004 terms. The application fee will be waived for all Kennedy Space Center employees. If you would like more information about Warner Southern, please call 800-309-9563 or visit us at www.warner.edu. Warner Southern College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; telephone number 404-679-4501) to award the Associate, Bachelor, and Master Degrees.

WEBSTER UNIVERSITY: Webster University will be starting another session of the Master of Arts Degree in Business and Organizational Security Management.
